# What is Canada Future Directions in IBD?

- Crohn's and Colitis Canada's premier conference for healthcare professionals and researchers who care for patients with IBD and carry out research
- 13<sup>th</sup> annual national meeting today
- CFD supports CCC's Promise to cure Crohn's disease and ulcerative colitis and improve the lives of children and adults affected by these chronic diseases:
  - Presents best new scientific research in IBD to advance knowledge on the state of the science
  - Translates what is learned in research into the hands of the practitioners treating IBD patients
  - Highlights significant progress being made by CCC-funded researchers

## What is Canada Future Directions in IBD?

- Your support of this educational initiative is crucial to delivering on the Promise...

# What's up at CFD today?

- Remember to join the conversation today by using **#IBDMinds2023**
- Crohn's and Colitis Canada will be capturing photographs and video footage today that will be used for social media, website, and other CCC communication materials
- Questions? please visit the CCC desk in the foyer just outside the Harbour Ballroom

# Please remember!
